

DR. SHERRIE PELKEY, AUDIOLOGIST

Congratulations on 15 Years of Service

Dr. Pelkey joined Alamance ENT as our Audiology Director in March of 2002 after spending almost 7 years at Greensboro ENT. "It is hard to believe I have been with Alamance ENT for 15 years already. I wouldn't change my time here for any reason. I love living in Elon and helping patients hear better in my own community." A native of Durham, Dr. Pelkey has always loved North Carolina, but Alamance County is home. She is married with two children at Western High School, and her oldest is headed to NC State in the fall. "A lot has changed in 15 years, but my commitment to helping others improve their quality of life through better hearing will never change." Dr. Pelkey practices in the Burlington office and is accepting new patients. Call 336-395-1301 to schedule an appointment.
